## Whole-Farm Revenue Protection (WFRP)

WFRP provides producers with an improved whole-farm risk management product under one policy

### Highlights

- All farm revenue insured together under one policy
- Coverage available up to \$8.5 million
- Diversified, specialty and organic commodities (crops and livestock) covered
- Farm/Ranch may have up to \$2 million expected revenue from animals and animal products and nursery and greenhouse

# Whole-Farm Revenue Protection (WFRP)

## WFRP Features

- 50–85% coverage levels
- Historic revenue adjusted to reflect farm expansion
- Farms with physical expansion may qualify for up to 35% increase in Avg. Historical Revenue reflecting Expanded Operations
- Costs for market readiness operations may be left in the approved revenue
- May also purchase other federal crop insurance policies covering individual commodities

## Diversification Matters

- Eligibility for WFRP potato farms must have two commodities and commodities with other revenue coverage must have two commodities
- Eligibility for 80% & 85% coverage levels requires three commodities
- Premium subsidy levels increase with two or more commodities
- The number of commodities produced are counted toward the diversification requirement within WFRP

## Information to Provide to Crop Insurance Agent

Five consecutive years of Schedule F or other farm tax forms (it must be possible to complete a Substitute Schedule F form if you filed farm tax forms other than Schedule F). Exceptions may be provided for those who:

- Qualify as a Beginning or Veteran Farmer or Rancher with three consecutive years of Schedule F or other farm tax forms if you also farmed during the past year
- Were physically unable to farm for one of the five required historic years but were farming the past year
- Are a tax-exempt entity (such as a Tribal entity) and have acceptable third-party records available that can be used to complete Substitute Schedule F tax forms for the five-year history
